PROFILE

I am Faheemuddeen, a passionate Full Stack Developer with a Bachelor’s in Computer Science and over 2+ years of experience in crafting captivating digital experiences. My expertise lies in leveraging cutting-edge technologies such as ReactJS, NextJS, jQuery, and various frameworks including Material UI, NextUI, SCSS, Tailwind CSS, and Bootstrap. I take pride in my ability to design seamless user interfaces and components that align perfectly with the intended aesthetic, creating responsive websites that adapt gracefully to any device. My skill set also extends to proficient API integration, ensuring the seamless flow of data between the front end and back end. In addition, I am known for writing clean, well-structured code that not only functions flawlessly but also enhances the overall maintainability of projects. I am committed to pushing the boundaries of web development to deliver exceptional digital solutions.

EXPERIENCE

Self-Employed

Freelance – Full Stack Developer

MAY 2022 – PRESENT

- Designed and developed dynamic web applications using MERN stack (MongoDB, Express.js, React.js, Node.js)
- Built and deployed scalable back-end services with optimized database schemas.
- Created interactive and responsive front-end interfaces using modern frameworks and libraries.
- Integrated third-party APIs and ensured seamless functionality between front-end and back-end.

EDUCATION

BACHELOR OF COMPUTER SCIENCE

2019 – 2022

Government Arts and Science College

HIGHER SECONDARY (+2), COMPUTER SCIENCE

2017 – 2019

Infant Jesus Matric Hr. Sec. School

MY PROJECTS

Brainsstrom

Masterclass Website

2024

- Description:** Designed and developed a dark-themed website for an online masterclass platform, improving accessibility and user engagement.
- Technologies Used:** HTML5, CSS3, JavaScript, Bootstrap.
- Impact:** Enhanced the platform’s visual appeal and usability, increasing course sign-ups by 20%.
